

## The venue

Arbroath Windmill Centre is a great venue for us, providing space for sleeping, eating, teaching and fun whilst being perfectly located within walking distance of all the attractions of the town, including the beach. The centre has fully accessible bedrooms, bathrooms and a stairlift to enable accessibility for all. If you have any concerns please speak to us. Did we forget to mention the table tennis & pool tables, fire pit and outdoor pizza oven!

## Book now

Please use the enclosed booking form.

The cost of the weekend is outlined on the booking form, as is the payment process.

Booking is on a first come first served basis so book now in order not to miss out.

Further information for weekend will be published closer to the time.

Any questions, please speak to Yvonne Dobbie or email [office@libertychurch.co.uk](mailto:office@libertychurch.co.uk)

Welcome to Arbroath

## Connections, 1-3 June,

Arbroath, the home of the Smokie, the declaration of independence signed in 1320, and holder of a prestigious sporting record. In 1885 the town's football club beat a team from Aberdeen 36-0, setting the record for the highest scoring professional game of football. The town is now honoured to be chosen to host the Liberty Weekend Away!

For the first time Liberty Church are going away for the weekend together. The purpose of our time together; to make connections, connecting with each other and with God. It might be around a fire, building a sand castle, learning together or doing a craft, whatever the context we hope that everyone might know something more of God and each other.

So what are we going to do? We have put together a plan that seeks to provide great input whilst also giving everyone space to have fun. As you'll see from the schedule there are a number of core sessions and activities and a number of optional extras too. There will be separate sessions for children and the adults and young people will have seminar options to choose from. Saturday & Sunday afternoons are free time so you can make the most of Arbroath's many attractions.
